

WWW.SHROFFTEXTILE.COM

If you have **anything** to do with yarn,
You have **everything** to do with us.

ABOUT US

We are a Government recognised award winning 2 star export house with facility to manufacture cotton yarn in Gujarat, Maharashtra and Tamil Nadu. We pride ourselves in being one of the most trusted brands for large number of reputed buyers across the world. There is a growing demand for SHROFF among textile woven & knitted fabric manufacturers globally that puts us in a formidable position to always deliver the best for our customers by anticipating their needs and proactively creating value in their work sphere and to be synonymous with reliability, responsiveness, quality and efficient after-sales service.

FACILITIES & TECHNOLOGY

In the process of spinning yarn, all our spinning machinery lines, both for carded and combed yarns, houses state-of-the-art machinery such as Reiter (Germany), Trutzschler (Germany), Laxmi Machine Works (India) and Toyota (Japan). Contamination is controlled by the technology from Reiter, Vetel, Nestling in the blowroom and tight settings of USTER® QUANTUM 3 in the automatic winders of Schlafhorst Autoconers (Germany) and Murata (Japan). To maximise running efficiency, for knitting and weaving uses we condition our yarn before packing by conditioning equipments. Packing is offered in cartons or pallets.

Our fabrics are a cut above the rest: they are woven on Airjet or Sulzer looms or knitted on Meyer & Cie, Terrot and Pailung knitting machines. Packing is offered in rolls or bales.
